What does Care Management cover?

Our aim is to support you to achieve the most out of your package. Our Care Management fee gives you access to our team of expert case managers and clinicians who will support you on a regular basis and provide you with the following:

- Review your Home Care Agreement
- Plan with you the care you want to receive to achieve your goals
- Ensure you receive care that is respectful of your preferences and your culture
- Ongoing reviews of your care plan to align with your other supports
- Changes to your care plan and schedule as you request
- Identify and address risks to your safety and wellbeing
- Liaison with other health professionals involved in your care
- Provide you and your support network regular contact. Care Management can be provided to you in a range of different ways including face-to-face, phone or email

What does Package Management cover?

Package management is the ongoing administration and organisational activities associated with ensuring the smooth delivery and management of your Home Care Package. It may include the costs for preparing monthly statements, managing your package funds and compliance and quality assurance activities required for Home Care Packages.

It does not include costs that are unrelated to supporting your care or costs associated with the provider's running of their business such as marketing, office rent, insurance, or activities completed before you enter into a Home Care Agreement with them. Where necessary, providers will include any other administration costs within the unit price for home care services, so you can see the all-inclusive cost of delivering the service.
